Hello! I'm so glad you're asking me for this quote.

First of all, I would like to invite you to visit my website; if you saw it and this is why you're contacting me, it's because you liked what you saw; so I'm very happy because it is fundamental that you identify yourself 100% with my photos and a little with me.

How valuable are the photos of your Wedding?

With photography I have learned the importance of time in our lives, to value today with your loved ones, to embrace them, to understand them, to spend a second, to listen to them, to feel them, to laugh with them.

I have seen through my camera hundreds of hugs, reunions, kisses, smiles and tears, so I understand the importance of the photos as memories in our lives, the embrace with the grandmother, parents, brothers and friends, that reaction and the memory of that moment should be the reason why you should want the photos of your wedding with the heart.
